## Behaviour

Children who demonstrate an acceptable standard are awarded weekly reward points. To be awarded a point the children would have to be in the right place, at the right time and doing the right thing.

This week 224 children have had good behaviour all week.

Nursery	Reception	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6
26/26	25/28	27/28	30/30	27/29	25/26	31/33	33/33

### Attendance and Lates

96% and 24 lates

Our attendance target for the year is 97%.

Year to date: 95.2%

Reception

6 lates

Year 1

4 lates

Year 2

4 lates

Year 3

5 lates

Year 4

3 lates

Year 5

1 late

Year 6

1 late

### Student of the week

**Nursery: Scarlett Fullerton**

**Reception: Lucy Bould**

**Year 1: Lealand Green**

**Year 2: Peyton Marshall**

**Year 3: Poppy Panks**

**Year 4: Kieron Wilson**

**Year 5: Hannah Levick**

**Year 6: Liam Omar**

Well done!

### Up and Coming Key Dates

5 <sup>th</sup> Feb	Year 6 – Buddhism centre visit
7 <sup>th</sup> Feb	Safe touch workshop (9am)
7 <sup>th</sup> Feb	Chinese buffet school lunch
7 <sup>th</sup> Feb	School disco
9 <sup>th</sup> Feb	School closes for half term
19 <sup>th</sup> Feb	Training day
20 <sup>th</sup> Feb	School reopens
22 <sup>nd</sup> Feb	Y1-3 safe touch workshops
26 <sup>th</sup> Feb	Y5 – Mosque visit
1 <sup>st</sup> March	World Book Day
7 <sup>th</sup> March	Afternoon tea school lunch
20 <sup>th</sup> Mar	Y1 and Y2 Butterfly house visit
23 <sup>rd</sup> Mar	Sport Relief and Break up

Following the April 2017 Supreme Court case which ruled against a father, who had won earlier legal battles against a £120 fine in a case brought by the Isle of Wight council, FPNs are being requested for ALL holidays where there are no exceptional circumstances. Please see link. This is the request of the local authority for all schools.

### Starfish

We have been busy inventing our own piece of writing linked to the South Pole! Some children decided to write a detailed description of Penguins, ensuring they included a range of expanded noun phrases whilst others created their own Penguin fact files or diary entries! They have all really impressed me with their imaginative ideas and have done a great job! We are still working on the presentation of our work as sometimes our writing can be a little untidy! Keep working on that beautiful cursive writing!

### Angelfish

We have participated in the virtual winter P.E challenge! The children have run 1km, thrown a beanbag and jumped as far as they can! The times and distances have been uploaded to the national website- so fingers crossed for a winner! In writing, the children have written super letters to Jack from the giant- the children have decided that the giant really just wanted to be friends with him! In Maths, we are continuing multiplication and have looked at the relationship between the 2, 4, 8 times tables.

### Stingray

This week Mrs Wood has been 'making our brains hurt', as we learnt to count on by firstly making 10 when adding two 1 digit numbers. We have written a story called 'The Lost Monkey' in Talk for Writing and tried hard to add expanded noun phrases to our work. We now know lots of information about the different types of penguin found within the Antarctic Circle - Did you know that the Emperor Penguin is 115cms tall and taller than some children in our class!

### Turtle

In Literacy, Year 6 have been working hard to write their own story based on the short film Alma. They have all thought of descriptive ideas and they are creating brilliant writing. In Maths, we have been working hard to consolidate their understanding of coordinates, translation and reflection. We had a great morning on Wednesday at Ash Hill for transition and everyone enjoyed creating a superhero.

### Jellyfish

We have had a busy week finding out about, and hunting shapes! We have been playing shape games and finding shapes in the environment. We have hidden shapes in the water (and got very wet finding them!), painted shapes and made bubble pictures.

### Parrot Fish

Parrot Fish have been working hard in maths this week to be able to multiply three-digit numbers by two-digit numbers. In PE, we have been taking part in the winter virtual competition. We worked well as a class to encourage each other and offer advice on how to improve our techniques. The practise we did last week definitely paid off.

### Lobster

Lobster Class had an amazing visit to the Sikh Temple. We learned many fascinating things that we did not know. All the children were very enthusiastic, respectful and most of all represented Crookesbroom very well! In Maths, we have been using the associate law to multiply 3 one-digit numbers together. Although the children struggled with this at first, they all persevered and refused to give up!

### Seahorse

The children have demonstrated some fantastic learning this week. We have made wormeries, designed and labelled worm houses and lots of us attempted to make a super worm out of different creative materials. Lucas managed to make the longest worm, which measured 66 blocks long! Please make sure you come and see our worms on display!

### Safeguarding – e-safety

Please take time to look at these useful links to help keep your child safe online
