Behaviour

Children who demonstrate an acceptable standard are awarded weekly reward points. To be awarded a point the children would have to be in the right place, at the right time and doing the right thing.

This week 222 children have had good behaviour all week.

Nursery	Reception	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6
26/26	28/28	25/27	30/30	25/28	22/26	31/33	33/33

School has been a little different this week. Some Y5 and Y6 children have been at Hollowford, so Year 6 have been helping out in different classes. They have been a great help and deserve a great big thankyou!!!

Parrotfish

This week Parrotfish Class have had to work hard to write letters to persuade a friend to take up a job as either a trader, a farmer, sailor, guard or craftsman. In maths we have been looking at decimals and percentages and using geometry are finding out how to measure angles.

We have also shown off our cricket skills this week, playing a very close game of prison cricket.

Starfish

This week our pirate crew have investigated time (o'clock and half past) and have looked at important times within our day. They've been really quick to pick this up. We've moved onto instructional writing in T4W and have made our own pirate hats to in order to learn all about 'bossy' verbs.

During the afternoons we have become design technologists as we've designed and made moving pirate pictures using a lever and pivot.

Stingray

This week we have been busy baking some hard tack biscuits that Pirates used to eat when they were out at sea! They didn't taste half as bad as we expected! Did any of you dare to taste them??

We used our baking opportunity to get some great instruction writing from the children. They really enjoyed making these and writing detailed instructions about them, but I think eating them was the best part for many!

Turtle

Turtle Class have had a different kind of a week this week! Some children have been at Hollowford, some have been visiting their secondary schools ready for September and some have been working in different classes and helping the teachers and children. For the last couple of days, Year 6 have been issued a set of challenges to complete – lots of which are reflecting upon their time at Crookesbroom.

Jellyfish

It is only 3 weeks until our visit to Pink Pig Farm, so we have started to find out all about pigs this week! We started by making some tasty pig biscuits!! We have been really practising our blending (sounding out) and are becoming brilliant blenders. Miss Rickaby and I have really enjoyed observing the children this week and reflecting on how far our little Jellyfish have come in the last year!

Angelfish

This week, Mrs Hughes and I have enjoyed listening to the children think about their successes throughout all of year 3 and their challenges that they have faced, as we prepare for their end of year reports. The children have also been improving their throwing skills in P.E and trying hard to beat their own distances

Lobster

In Year 4 this week we have continued to find out all about mining and have remembered lots of information from our trip. It has been a bit strange in class this without Mrs Ali, but we have had one day with Mrs Gudgin who was our teacher last year and she was really pleased how good we are at Maths!!

Seahorse

Monday was the day of our eagerly awaited trip to The Butterfly House! We had a brilliant day and saw lots of wonderful animals. We saw butterflies, fruit bats, humongous spiders, meerkats, porcupines and lemurs to name a few. The children also had the opportunity to hold and touch different creatures. Towards the end of our visit, we saw a Parrot show. The birds did lots of different tricks and exercises and some even spoke to us! Did you know parrots can live until they're around 80 years old!

Safeguarding

At Crookesbroom Primary Academy, the welfare of all our pupils is of great importance to us and we hope that parents are confident about their children's health and safety whilst in our academy. We will always try to share any concerns we have with parents. However, there are times when we are legally obliged to share our concerns with other agencies, without first speaking to parents, or without the consent of parents. The safety and protection of our pupils is our most important concern and we wish to reassure you that any sharing of information is done with the children's best interest at heart. If you have any concerns about the welfare or safety of any child in our school you should contact Mrs Hillyer, our Designated Safeguarding Lead. In addition, Mr Longley, our Deputy Safeguarding Lead, can be contacted through the school office. The academy has a duty to inform parents that there is a prohibition on reporting or publishing details (including on social media) that could identify anyone who is subject to an allegation.
